3

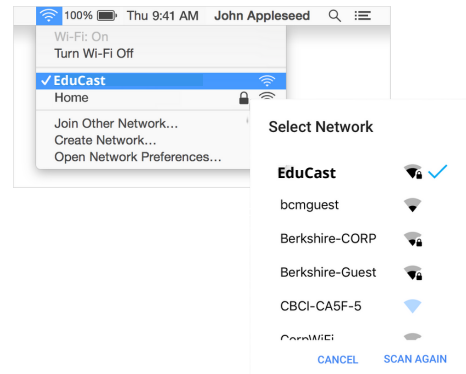

Plug it in

# Tune Your Antenna

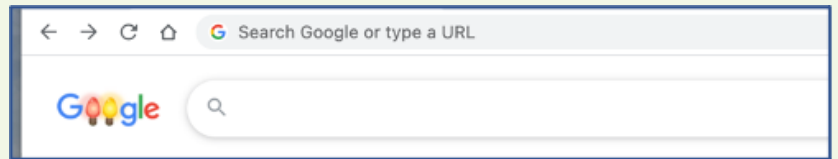

1 Power on your device

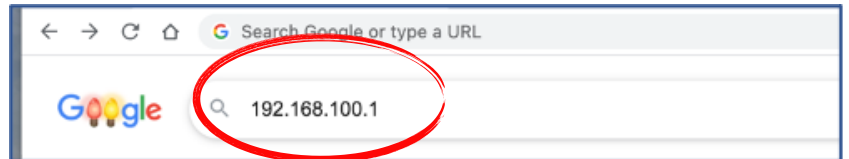

2 Connect to EduCast Wi-Fi

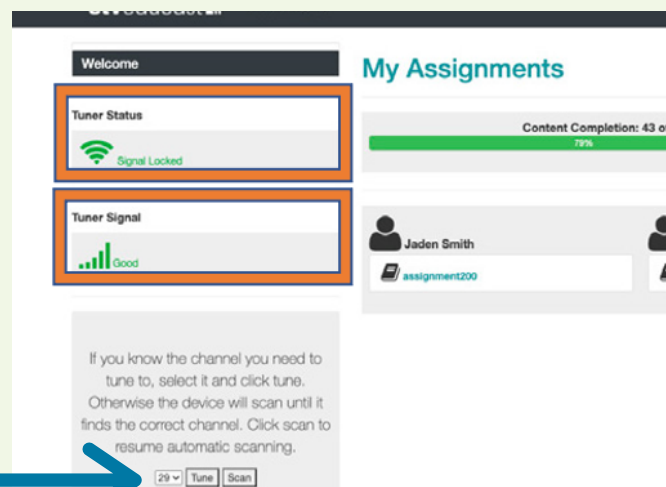

3 Go to the Internet

4 Enter This Number

5 Check Status

Choose Channel 33 and click Tune.

# Place Your Antenna

## 1 Find a window that is:

on the top floor of your house.

near an outlet.

facing the direction of the PBS transmitter tower in your area.

*Use the map to help you find the tower.*

## 2 Best signal looks like this

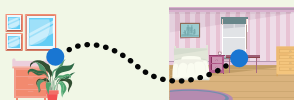

**4 green bars**

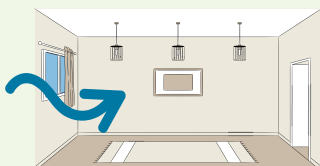

### If you do not have **4 green bars**:

try it on another window.

try it in another room.

try it on a wall.

# Place Your Antenna, Page 2

- 3** When you have good signal, use the 2 Command strips to put the antenna on the window or wall.

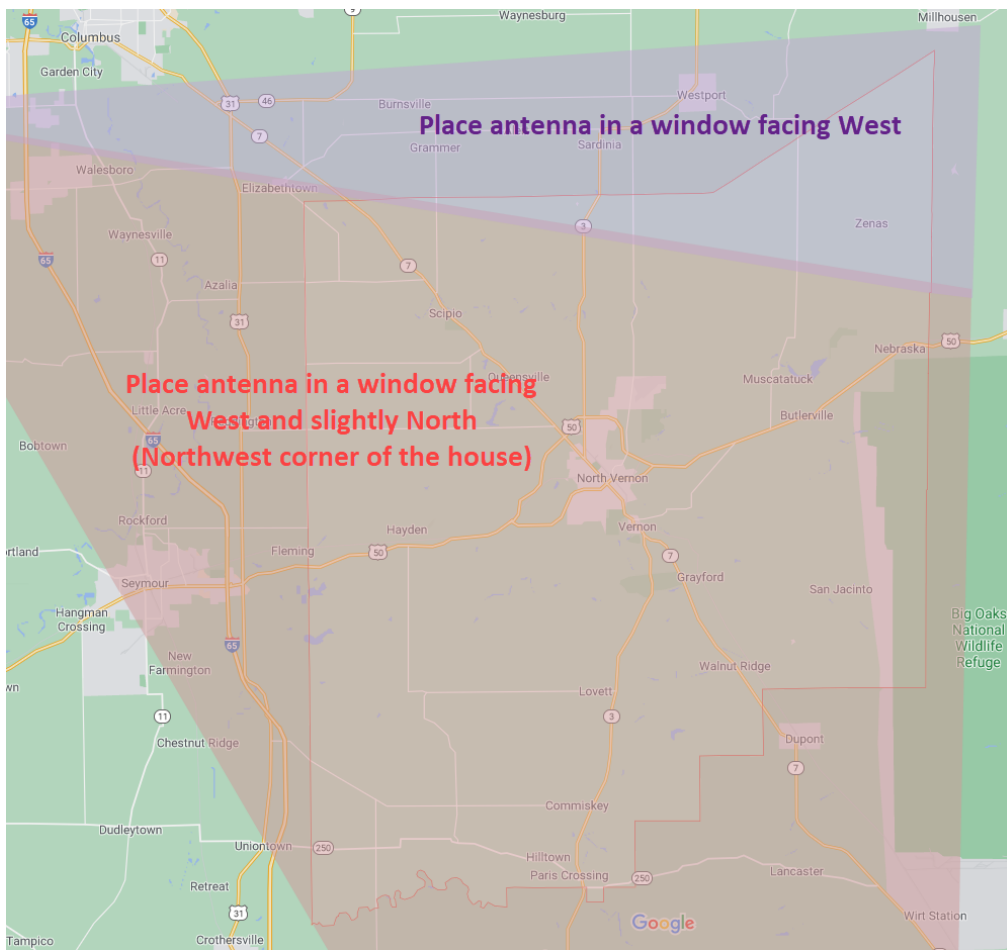

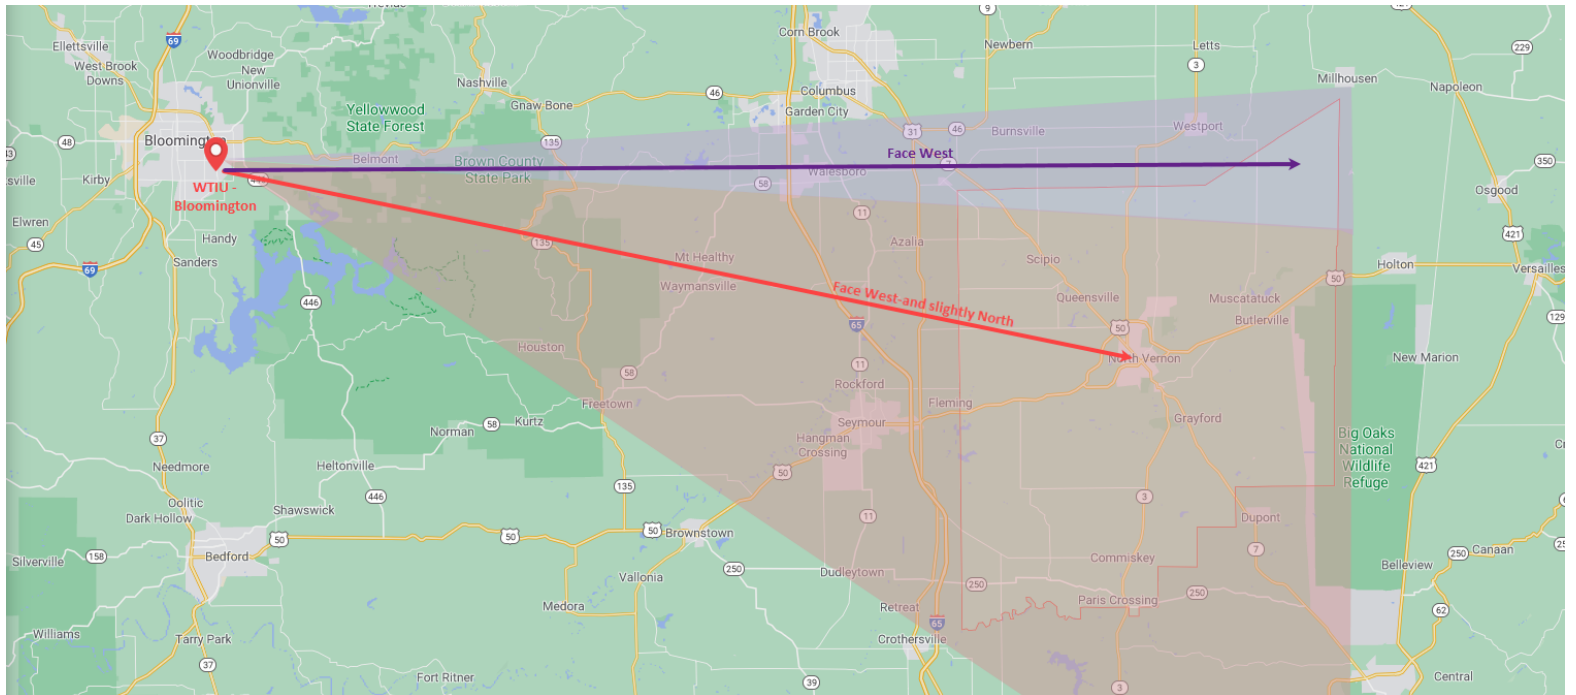

- 4** Always leave your receiver and antenna plugged in.

- 5** Now you are ready for datacasting!

# Antenna Placement Map

**The datacasting signal will be coming from Bloomington. Based on where you live in the County, you will want the antenna to be in a West or Northwest window.**
